

A Guide to Eco-friendlier household products

Finding cleaning and other products that are safer for you, your family, and the environment should be easy — that's why we developed our new Safer Choice label. We all play a role in protecting our families' health and the environment. Products with the Safer Choice label help consumers and commercial buyers identify products with safer chemical ingredients, without sacrificing quality or performance.

More than 2,000 products currently qualify to carry the Safer Choice label. Safer Choice products are available [for your home at retail stores](#) and [for use in facilities like schools, hotels, offices, and sports venues](#).

Safer Choice is EPA's label for safer chemical-based products. Every chemical, regardless of percentage, in a Safer Choice-labeled product is evaluated through EPA's rigorous scientific process and only the safest ingredients are allowed. For over 15 years, the program has labeled products that are safer for families, pets, workplaces, neighborhoods, and the environment. The label represents leadership in safer product formulation.

Safer Choice Products you can find at local stores (Wegmans, Target, CVS, etc):

Ecos

Green Works

Honest

Method

Mrs. Meyers
